##### 3) History:

The College of Humanities and International Studies was established in 2015 by combining two major colleges of Keimyung University: The College of Humanities and the College of International Studies.

The College of Humanities has its origins in the Philosophy Department and English Language and Literature Department of Keimyung Christian College, which was founded in 1954 and subsequently became Keimyung University in 1978. At that time the Humanities College had a total of six departments (Korean Language and Literature, Philosophy, History, English Language and Literature, German, and French). Then in 1997, in accordance with a newly adopted system in higher education, the college was subdivided into two different tracks: the Humanities Track (Korean Language and Literature Department, Philosophy, and History) and the Language-Literature Track (English Language and Literature Department, German, and French). In 2003, these two

tracks became two independent colleges: the Humanities College (Korean Language and Literature Department, Philosophy, History, Ethics, Theology, Creative Writing, and Korean Studies) and the Foreign Language-Literature College (English Language and Literature, German Language and Literature, French Language and Literature, Chinese Language and Literature, Japanese Language and Literature, and Russian Language and Literature). In 2007 these two colleges were reunited as the Humanities College, which now has a total of twelve departments.

The College of International Studies first opened its doors in 1979 under the name of the College of Foreign Studies. Established as the first college of area studies in Korea, it was selected in 1997 by the Ministry of Education and Human Resources as a government-sponsored college to nurture experts in foreign cultures and international relations. The college focused on developing the practical expertise and capabilities of students thus helping them become true leaders in a global community.

#### ▶ Earthquake

※ The campus buildings are built from concrete without earthquake resistant design.

① When you sense an earthquake, open the closest door wide.

- There is a possibility that you cannot evacuate as the door may not be opened due to the twisted status of the building. The person who first opened the door should shout fire and keep others informed about a fire escape

② Protect your head with a book, laptop or other article which can protect your head.

- Underground facility is relatively safer than on-ground facility, but you should keep waiting at your place until the shaking stops. As delay of evaluation to underground facility may occur due to a massive number of people flocked. Therefore, start evacuation from letting people near the exit out under the direction of the leader. If you stay on third or fourth floor which is relatively upper floor of the building, you must get under the desk or the table when the earthquake occurs as it is likely to evacuate depending on the condition of damages on the building  
(Evacuate immediately when the strength

of earthquakes is lowered.)

③ Evacuate quickly through where a door is opened

- Run crouching down and covering your head and evacuate avoiding windows

(Do not evacuate through windows as those on the first floor tend to be seriously damaged during earthquake.)

④ After evacuation, move to a wide empty lot

- Wait for rescue standing up for preventing damages from additional minor shakes (It is dangerous to squat or lie on the ground after evacuation.)

#### ▶ How to evacuate building on fire

- Activate a fire alarm.

- If you cannot go downstairs, go onto the rooftop.

- Make your face and body covered with wet blanket or towel when you should run into flames.

- If door handles are too hot to turn, do not open the door and find another way.

- Once you evacuate, do not go into the building again.

- After evacuation, wait for rescue at the windward side.

### 11) Parking on Campus

- Parking permit is issued on application in the beginning of the semester.

- You should park at only designated space.

- Only local and street students can use the parking permit at school.
